Coaching Ages 7 to 8 Years - Stage 2

This section provides you with a twelve-week training program for children ages 7 through 8 years. Each practice features three fun and progressive drills and culminates with a small-sided game. Emphasis is placed on the development of fundamental skills and careful consideration has been given to prioritize the most relevant techniques to master at this age level.

This is the second stage of the ICA training program. Main topics include skills in dribbling, passing, ball control and shooting. The program starts with dribbling to familiarize novice players with the ball and introduces the game as a fun and enjoyable sport. Passing practices concentrate on developing the basics using drills designed to focus purely on the mechanics, pace and accuracy of the push pass.

The program is age appropriate and sets a solid foundation for players to advance to the next level. The program is meant as a guideline and coaches are encouraged to incorporate a minimal understanding of team concepts and laws of the game.

Weekly Practice Schedule:

Week	Technique	Practice Theme/Key Words
Week One	Dribbling	Comfort ability with the ball
Week Two	Dribbling	Change of direction and speed
Week Three	Dribbling	Direction and speed/basic moves
Week Four	Passing	Pure mechanics/static/walking
Week Five	Passing	Pace/accuracy/targets
Week Six	Passing	Pace/accuracy/jog/run/targets

Week Nine	Ball Control	Pure mechanics/walk/run
Week Ten	Ball Control	Pure mechanics Aerial Control run
Week Eleven	Ball Control	Pure mechanics Aerial Control run
Week Twelve	Shooting	Pure mechanics/static/walk/run

Warm Up:

A thorough warm up should be performed before each practice session. Refer to the "**Warm Up**" section of the website for a variety of fun warm up activities for your team. Use a combination of exercises "with" and "without" the ball. Relate the warm up to the skill of the day. Be creative, energetic, and make the warm-up a fun start to the practice session.

This practice is designed to introduce the novice player to the correct mechanics involved in the execution of the “Push Pass.”

Field Preparation:

Two players with one ball.

Coaching Points:

Two players are positioned in a grid 5 yards x 5 yards. One player kneels holding the ball firmly between their hands. The other player alternates stepping towards the ball and performing the “Push Pass.” The players should always step towards the ball and try to hit the ball in their stride. The players should alternate holding the ball.

The coach should emphasize the following coaching points:

- Approach the ball at a slight angle.
- Place non-kicking foot along side the ball, not too close so that it will prevent the natural swinging motion of the kicking leg.
- The ankle of the kicking foot must be firm.

- Strike the ball with the inside of the kicking foot - through the horizontal mid-line of the ball.
- The head should be kept steady and eyes fixed firmly on the ball.

In pairs the players step towards the ball and lock the ball between their feet as they perform the "Push Pass". To ensure the timing coincides, one player should slowly count out loud "one, two, three". On the three count the players move towards the ball. The players should always step towards the ball and try to hit the ball in their stride.

The coach should emphasize the following coaching points:

After all players have taken a turn they retrieve their ball and return to the starting position.

To make the game progressively challenging, the box is now reduced to half width and a new line marked across the grid using the cones. Players repeat the game until everyone has had a turn and return to their starting positions on the end line.

The box is once more reduced to half width and a new line marked across the grid using the cones. Players repeat the game until everyone has had a turn. Line up all the players and total the points.

The receiving player must pass the ball back to the server "first time" and only scores a point for each pass back on the ground to the server's hands. After each pass the receiver must turn and run back to the starting position.

The server should pass the ball approximately 5 yards. If the server passes the ball too far the receiving player will not come to meet the ball. With a correctly weighted pass the receiving player will always be encouraged to come and meet the ball.

The coach should emphasize correct technique and slowly build up the tempo to match speed. Care must be taken to emphasize quality over speed. Create a competition between groups. Keep score and award points for the first player to reach 20 good passes or the player who can perform the most passes in one minute.

Coaching Points:

The practice starts when the server rolls the ball across the grid. The first player in line comes forward and redirects the ball using "one touch". The object is for the player to redirect the ball by passing it into the small box. The ball must stay within the box for it to count as a success. After passing the ball, the player returns and joins the back of the line.

Have 2 groups side by side competing against each other. First team to get all their balls in the box wins. Try making the box smaller to challenge your players. Rotate servers to ensure everyone practices the activity.
